# Introductory

The present volume for 1957 is the 48th edition of Henderson's Directory of Moose Jaw. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all parts and includes all essential features which have proven so satisfactory to our patrons in previous issues; these have been retained and amplified and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of this volume.

## THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION starting on page 7 contains information about Civic History and Industry, as well as a complete list of Apartments and Business Blocks.

## THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE starting on page 21 features the names of all streets and avenues arranged alphabetically and numerically, giving the location, number on the street, and showing the occupant.

The intersecting streets are shown in the order that they come.

Δ Denotes that there is a Telephone in the house.

\* Denotes that someone living in the house is the owner.

## THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations starts on page 85.

## THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY at the back of the book exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

## MOOSE JAW POPULATION, in excess of 29,500

The Directory estimate of population is based on the Dom Census of June, 1956 of 29,282 with correction estimated to date. The Moose Jaw Directory covers considerable territory beyond, but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Moose Jaw may be obtained.

## ADVERTISING MOOSE JAW

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully,

The Publishers,

October, 1957

HENDERSON DIRECTORIES LIMITED.

## PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES LIMITED,  
PUBLISHERS.

## "SASKATCHEWAN CITY OF INDUSTRY"

(Courtesy of Moose Jaw Chamber of Commerce)

---

### LOCATION

Moose Jaw is in the geographical east-west centre of Saskatchewan. It is situated on the Trans-Canada Highway and the C.P.R. main line, and is approximately 100 air miles north of the International Boundary.

### MILEAGES FROM MOOSE JAW

To	Via — Highway	Rail	Air
Regina .....	44	42	42
Saskatoon .....	144	213	136
Calgary .....	431	434	380
Winnipeg .....	448	398	376
Minneapolis .....	782	730	696

### ELEVATION AND AREA

Moose Jaw's elevation varies from 1,778 ft. to 1,840 ft. above sea level. The City itself lies in a sheltered valley at the confluence of the Moose Jaw River and Thunder Creek.

The area within the city limits is 9,760 acres; this total is divided into built up areas, suburban areas and some agricultural lands.

### HISTORY

Moose Jaw takes its name from the Moose Jaw River, and was first reached by Captain Palliser on his exploratory expedition of Western Canada on the 16th of September, 1857. The first settlers reached Moose Jaw in the spring of 1882, and the Canadian Pacific Railroad line reached Moose Jaw in the fall of the same year. The Post Office was opened on June 1, 1883. Moose Jaw incorporated as a town on February 13, 1884, and was raised to the status of a city on November 20, 1903.

### INDUSTRY

Moose Jaw's growth has been closely associated with its development as an industrial centre.

The electric power plant in the City is privately owned by the National Light and Power Co. Ltd., whose network of power transmission lines, in addition to the City, cover a large part of Southern Saskatchewan. This Company's rates are the lowest of any power company in the Province.

Some of the more important industries are: Robin Hood Flour Mills Limited with a daily capacity of 4,000 barrels of flour and 1,200 barrels of oats; this Company packages and distributes for domestic and foreign consumption many types of flours, breakfast cereals and feeds. There are two major oil refineries

located in the City, namely: British American Oil Company Limited and Husky Oil and Refining Limited. Both plants have undertaken extensive expansion programs recently. The B.A. now has a capacity of 15,000 barrels daily, and the Husky 6,000 barrels.

The Canadian Pacific Railway Company has its grand divisional headquarters for Saskatchewan in Moose Jaw. Its large repair shops and yards employ many hundreds. The Canadian General Transit Company Limited has recently completed a plant in this city for the repair and maintenance of tank cars.

Other industries are the Prairie Bag Co. Ltd., manufacturers of cotton and jute bags; National Flour Mills Ltd., rye flour; Cushing Millwork Co. Ltd., and Moose Jaw Sash & Door Co., millwork; Dominion Fire Brick and Clay Products Ltd.; Canada Packers Ltd. and Swift Canadian Co. Ltd., meat packing, poultry, dairy products; CanaDays Apparel Ltd., men's sports clothes and work clothes; Chipman Chemicals Ltd., fungicides, insecticides; Moose Jaw Concrete Products and Redi-Mix Ltd., concrete and concrete blocks; Moose Jaw Foundry, castings; Panther Oil & Grease Mfg. Co., roof coatings and greases; Saskatchewan Government Seed Plant, registered seed and seed cleaning.

In addition there are three creameries, six bakeries, a rock wool plant and several other industries.

Plans are under way for the erection of a two million dollar distillery.

The Dominion Government interior storage elevator with a capacity of 5½ million bushels, the Southern Saskatchewan Stock Yards with their annual Feeder Show, known from coast to coast, the R.C.A.F. Station operated under NATO and the Saskatchewan Training School are other important operations in this City.

The industries in Moose Jaw have developed markets across Canada, and in Europe and the Orient, through a number of wholesale houses serving a large area of Southern Saskatchewan.

## **POLICE AND FIRE PROTECTION**

The police force of Moose Jaw has two-way radio equipment. The fire chief's car is also equipped with a receiving set which means close liaison between the fire department and the police department. It is believed that Moose Jaw is one of the few cities to have so equipped both its police and fire departments.

## **WATER SUPPLY**

Moose Jaw has an ample and visible supply of water to take care of her present and future requirements. The source of this supply is Buffalo Pound Lake, approximately 18 miles north of the City. This lake is also the source for part of Regina's water.

## **TRANSPORTATION**

**Railways:** The City is the grand divisional point for the Province of Saskatchewan of the Canadian Pacific Railway Co. which has its headquarters for the Province in the City, and is also on the Canadian National Railway line. Moose Jaw is the terminus of the Soo Line Railway running directly to Minneapolis, St. Paul, and Chicago. Nine railway lines radiate directly from the City and the yard trackage amounts to over 70 miles.

**Highways:** Moose Jaw is located at the junction of the Trans-Canada (No. 1) Highway, and No. 2 Highway which extends from the International Boundary to Lac La Ronge. No. 39 Highway commences in the City and parallels the Soo Line Railway to Portal, on the International Boundary.

**Airways:** Moose Jaw is served by Canadian Pacific Air Lines Limited and furnishes a daily passenger, mail, and express service from Moose Jaw to Regina, Saskatoon, North Battleford, Prince Albert, Lloydminster and Edmonton. Connections are made with TCA at Regina.

**Airport:** Moose Jaw has its own Municipal Airport, which it acquired from the Department of Transport. It is located two and a half miles south of the City and has hard-surfaced runways. The Moose Jaw Airport is one of the three customs airports in Saskatchewan. Facilities for the servicing of planes are available.

**R.C.A.F. Station:** Moose Jaw is the site of an R.C.A.F. Station operated under the NATO plan. There are 1,200 service personnel and 300 civilian employees at the station.

### **EDUCATIONAL FACILITIES**

The educational facilities are excellent. The number of pupils attending public schools at the beginning of the school year was over 4,500; and attending high schools over 1,200. There are 11 public schools, 3 separate schools, 2 high schools, a commercial business college, 2 residential colleges, 1 teachers' training school. Planned for the near future are 3 public schools and 1 high school.

### **PARKS AND RECREATION**

Moose Jaw is pre-eminently a city of good homes and beautiful parks. There are six public parks in the City varying in extent from 4 to 76 acres, as well as a number of smaller parks, and eleven playgrounds from 1 to 5 acres in extent. River Park, 110 acres in extent is a natural park, heavily wooded with maple, ash, elm, and many other trees, through which runs the Moose Jaw River. In this park are the Tourist Camp, bathing beach, and public playgrounds for children. Crescent Park, in the heart of the City, is 28 acres in extent. Here are located the public library, the City and district war memorial and the Natatorium. The park with the "Serpentine" lake winding through the centre forms a beautiful setting for its masses of blooms, its rock gardens and terraced landscaping. It is here that residents and visitors to Moose Jaw spend many leisurely hours.

Additional recreational facilities include two 18-hole golf courses, tennis courts, boating and swimming on the Moose Jaw River, gun club, etc.

Buffalo Pound Lake, approximately 18 miles north of the City, has developed as a new summer resort area, featuring swimming, sailing, fishing and, in the fall, duck hunting.

### **CHURCHES**

There are many fine churches in the City, including St. Andrew's United Church which has the largest auditorium in Western Canada, Zion United, St. John's Anglican, St. Joseph's R.C., Knox Presbyterian, Baptist, Salvation Army, Christian Science, House of Israel, Apostolic Temple, Christian and Missionary Alliance Tabernacle, and others.

### **GENERAL**

Moose Jaw has one commercial radio station, CHAB Limited. Studios are situated at 127 Main Street North, and the transmitter is located at Boharm, 8 miles west of the City.

Transportation is in the hands of the Moose Jaw Transportation Company which has a system of motor buses plying the principal thoroughfares.

## **IRRIGATION**

Moose Jaw is the headquarters of the Saskatchewan Rivers Development Association. This Association has been set up as representative of a large area of Southern Saskatchewan comprising approximately forty-three municipalities. It is in this area that development of irrigation projects is expected to take place upon the completion of the federal dam to be built on the South Saskatchewan River in the vicinity of Outlook.

There are large tracts of land scattered throughout the southern part of the province and along the Qu'Appelle Valley, which extends from just north of Moose Jaw eastward to near the Manitoba-Saskatchewan boundary. Once the water is impounded at the dam it will be one of the duties of the SRDA to set up irrigation districts where field crops such as peas, beans, corn, alfalfa, potatoes and sugar beets can be produced.

Following the establishment of these districts there will be the establishment of industries to process the crops, particularly canning and sugar beet factories.

Besides the benefits of irrigation for the farmer there will be the equally great benefits to the cities of southern Saskatchewan in that there will be a large volume of water for domestic consumption purposes.

## MOOSE JAW

### Street and Avenue Directory

### 1957

Windows - Doors - Millwork - Glass and Glazing - Restaurant Fixtures

MANITOBA AND FIFTH N. E.

R. L. Cushing Millwork Co. Ltd. Phone  
OX 2-2396

In the following list, the numbered Avenues are arranged in numerical order by compass direction, NE, NW SE and SW, followed by the named Streets and Avenues in alphabetical order, also by compass direction East and then West, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. The profession or business of individuals or firms is given only at their respective places of business; to find occupations of others refer to Alphabetical List of Names.

Where the odd and even numbers on an Avenue or Street are separated, the South Side (odd numbers) on Streets will appear first and the East Side (odd numbers) will appear first on Avenues.

The symbol \* following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol Δ also following names denotes houses having telephones.

(This section includes some listings reading "Occupied" or "Vacant". In each case the Publishers tried diligently by various means to obtain the information for the occupants but were unsuccessful. First two personal calls were made by an enumerator; next, a post card was mailed and the telephone used when possible.)

THE CLASSIFIED SECTION OF THIS DIRECTORY WILL  
 PROVE INVALUABLE TO YOU—CONSULT ITS PAGES

# 4 in 10

Over forty per cent. of your customers move each year and new ones move into your district. An advertisement in the City Directory will enable new customers in your district to find you.

**Henderson Directories Ltd.**

# Common Sense

## About City Directory Circulation

**THE TRUE VALUE** of advertising circulation is circulation consulted.

**TO BE EXACT**—by actual survey in Canadian cities—for each City Directory, an average of three and one-half consultations were made for each business day.

**TO BE CONSERVATIVE** we will eliminate the sixty Sundays and Holidays when no tests were made.

**FOR EVERY THOUSAND DIRECTORIES** sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = \\ 1,067,500$$

**Consultations or  
Circulation Consulted**

# Please! Do Not Lend Your CITY DIRECTORY

## IT COSTS YOU MONEY Every Time It is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1,000.

If there was but One Subscriber to the City Directory—the One Subscriber would of necessity have to absorb The Whole Cost.

If there were 1,000 Subscribers—each one would have to absorb 1/1,000 Part of the Whole Cost.

From which it is obvious that the Greater the number of subscribers—the Lesser the cost to each.

Every time you loan your City Directory the Less Necessity there is for the Borrower to subscribe for the Service.

More Borrowers result in Fewer Subscribers, which means Increased Cost.
